- 2.2.7 Each hour (half hour for T20 matches) the umpire shall communicate to the bowling team the status of their over rate. In matches where an official umpire is not present this shall also be communicated to the scorers who are required to note down the time and detail regarding the number of overs the bowling team is behind by. If this does not occur than no penalty runs can be applied under 2.2.6.
- 2.2.8 If the commencement of play is delayed and/or playing time is lost during the course of the match due to unfitness of the ground, wicket, weather or light for play, then the time in which the bowling team must complete its allotted overs shall be notified by the umpire, or should an umpire not be present agreed upon by both captain's. In a delayed or interrupted match where the number of overs is reduced for both teams or the team bowling second, a bowler may bowl no more than one-fifth (20%) of the total over's allowed. Where the total over's to be bowled is not divisible by five, one additional over shall be allowed to the maximum number per bowler necessary to make up the balance.
- 2.2.12 Subject to condition 2.2.6 a match shall consist of a minimum of half (50%) of the allocated 'Overs per innings' bowled to each team (rounded up), otherwise it shall be considered abandoned.
- 2.2.13 If a game cannot be commenced by the Second Innings Start Time it shall be abandoned unless the captains agree earlier to such abandonment.
- 2.2.14 Matches where each team has received their minimum number of over's to be bowled (per condition ~~2.2.11~~~~2.10~~) and a match is unable to be completed due to lost playing time, the winner will be determined by using the Duckworth-Lewis-Stern method.

For the sake of clarity, it should be noted that the table shall apply to both the 1st and 2nd innings of the match.

- 2.4.11 For One Day and T20 matches, for any Free-Hit the striker can only be dismissed under the same conditions as a delivery deemed a no-ball, even if the delivery is called wide ball. Field Changes for free-hits are not permitted unless a change of striker has occurred or to correct a fielding restriction breach (only the breaching fielder may be corrected). The Umpire shall signal free hit before delivery after signalling a no-ball.
- 2.4.12 Maximum of 5 fielders to be allowed to field on the leg side at any one time
